Says His Prescription Has Powerful Influence

Over Rheumatism

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposities, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery which he called Allenrhu, to others who took it with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenrhu with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.

All druggists can supply you.—Advertisement.

CORN SOUTHERN STYLE

BY BERTHA E. SHAPLEIGH

Cooking Authority for NEA Service and Columbia University. Many persons do not enjoy eating corn from the cob. The following method is good and will prove a pleasant change: 3 cups corn, cut from uncooked cobs, 2 teaspoons sugar, 1 teaspoon

salt, I teaspoon paprika, 3 tablespoons butter. Water to cover. Cook the corn in the butter for five minutes, add seasonings and er. Cover the pan and let the corn cook 15 or 20 minutes. It will then be tender and have a very little liquid to serve with it. (Cut this out and paste it in your cook book)
